What to expect from your skinFUTURE PEN Procedure

Safe. Microneedling is a comfortable and safe treatment without side effects. The skinFUTURE PEN utilises sterile, individually packed, single-use needling heads.

Precise. The pen works with 12 or 36 fine needles, which allow for precise operation and optimal outcomes, even in hard-to-reach areas.

Customised for you. Each patient has unique skin needs and requirements. Due to its adjustable needle depths and speeds the skinFUTURE PEN allows for a customised treatment for best results.

** For best results, we recommend that you commit to a total of 6 treatments, with a treatment every 2-4 weeks.*

microneedling

**Results for truly
healthy skin**

Stimulate Natural Collagen Formation & Skin Rejuvenation

Microneedling therapy is a new technology based on the skin's ability to naturally repair itself when injured. The treatment improves skin texture, smooth wrinkles and fine lines while softening scars and creates beautiful, lasting results.

Microneedling is the perfect way to resolve signs of ageing at the cellular level and provides a natural alternative to cosmetic surgery. It is a quick & easy technique with speedy recovery and considered far more effective than other more invasive and expensive skincare treatments. The **skinFUTURE PEN** is used to create controlled micro-injuries to the skin in order to aid in the production of collagen and elastin - the foundations of our skin. This cell activation leads to a better blood circulation and stimulates the metabolism in the upper skin layers, leaving your skin visibly revitalised, rejuvenated and replenished.

Skin Future's highly concentrated active substance serums will optimise your treatment results and ensure healthy skin.

BENEFITS:

- ▶ Increases your skin's natural collagen formation resulting in firmer contours
- ▶ Anti-ageing, minimises fine lines (particularly lines around the lip and eye area)
- ▶ Assists sluggish skin that is slow to heal
- ▶ Reduces pore size and improving your skin's texture
- ▶ Reduces scars such as acne scarring
- ▶ Reduces appearance of spots
- ▶ Diminishes stretch marks
- ▶ Reduces pigmentation
- ▶ Promotes hair growth
- ▶ Safe for all skin types, light to dark
- ▶ Suitable for all areas of the face, neck, décolletage, upper arms, body and hands
