FACIALS

ILLUMINATE DEEP CLEANSE FACIAL

Kshs 6500 • 60 mins | Glow like a Geisha. Totally paraben free and inspired by the rice water Geishas would wash their faces with. Rice may not have the LUXURY appeal of champagne, strawberries or cocoa, but I bet you didn't know that rice water is full of vitamins and minerals and can cleanse, tone, brighten and soothe your skin. Our sensitive illuminate range is filled with actives to help reduce skin blemishes and age spots including rice bran oil, vanilla and a complex of wild alpine botanicals to lighten blemishes, even skin-tone and reduce the appearance of age spots.

DRENCH & HYDRATE – for dry and tired skin

Kshs 7000 • 70 mins | Deep hydration is key to keeping your skin looking healthy and luminous. Rose water, green tea & aloe vera combine to hydrate, detox & soothe the skin, and a natural micro-dermabrasion with Bamboo aids in brightening and stimulating skin cell renewal. Deeply hydrating Cucumber will remineralise and drench your skin in moisture. Anti-oxidant enriched pomegranate day cream is massaged into your skin to soothe & hydrate – pomegranate creates micro channels for moisture to travel in to the skin to ensure day long, protected hydration. Your skin is left radiant, balanced and hydrated. If you have dull, sensitive or dry skin, this is perfect for you.

OUTER GLOW | BRIGHT & CALM

Kshs 6500 • 60 mins | Brilliant for sensitive skin, this facial both revitalizes and soothes your skin, targeting redness or easily irritated skin types. With incredible natural botanicals including coconut oil, rice water, bilberry and chamomile your face will be deeply cleansed, gently exfoliated, stimulated and soothed,

leaving your skin radiant and glowing. You'll notice the difference immediately, with a more even complexion and much calmer, soothed & glowing skin.

DETOX & SOOTHE

Kshs 7500 • 80 mins | Kind enough for all skin types, using the purest botanicals to deeply penetrate the skin and remove all the toxins, this treatment starts with a grounding peppermint foot scrub to invigorate and refresh the feet, the gateway to the rest of the body. Witch hazel is the key ingredient used to thoroughly clean the face while natural bamboo is used as an exfoliant – a great natural microdermabrasion to resurface and stimulate skin cell renewal. Tea tree, willow leaf and menthol are applied in mask form, incredible for balancing oils, drawing out impurities and remineralising. If you have problematic skin, this is the facial to try.

GOLD FACIAL – Deeply Luxurious and Nourishing

Kshs 8000 • 70 mins | Go on, treat yourself. With no parabens involved, our anti-ageing facial combines the power of Gold, extract of Caviar, Pearl and Grape Leaf as well as Hyaluronic Acid to stimulate and renew skin cells, restore skin elasticity and help slow down collagen depletion. Gold is both an anti-oxidant and anti-inflammatory and ensures that skin elasticity is maintained leaving skin looking youthful and glowing. This luxurious facial is for everyone who likes to treat their face to something more than just a deep cleanse.

A recommended add on: an Eye Mask Kshs 1500 – plumping the skin around the eye area, reducing fine lines and dark circles.

LET'S FACE IT

Why not include a face mask during a massage, a reflexology, even maybe when you get your nails done - don't be shy!

Kshs 1300

Cucumber – More than 96% water, cucumber is a naturally moisturising plant. It detoxifies, moisturises, heals and strengthens the skin.

Tea Tree – The practice of using tea-tree started in Australia thousands of years ago when native Aborigines discovered its antiseptic and anti-microbial properties. The essential oil used in this tea tree face mask is no exception.

Bilberry – For sensitive types, this gel like mask combines algae and bilberry extract enriched with vitamins B, C & E – nutrients well known to help nourish the skin.

Kshs 1600

Gold – A refreshing, luxury mask. Revives dull skin, retains moisture and leaves skin radiant and beautiful. Its soft structure and its gold colour is a true renewal booster.

FACELIFTING FACIALS

- The natural way of doing botox

GALVANIC FACIAL

- a firming and hydrating facial

Kshs 1000 per 15 minute session - minimum 10 sessions required, 3 times a week | Two deep cleansing and nourishing processes occur through the application of a small, constant, direct electrical current:

- 1) desincrustation: opens the pores, softens the skin, deep cleanses;
- 2) ionisation: helps rebalance, firm and tighten the skin. This treatment aims to bring improvement to the circulatory system in a natural and harmless way.

HIGH FREQUENCY FACIAL

- stimulates new cells

Kshs 1800 per 30 minutes session - minimum 10 session required, 3 times a week | Skin stimulation through low-current high-frequency alternating currents delivered via a glass electrode. These treatments encourage the shedding of old skin and the improvement of facial colour and texture. Give in to this healing, rejuvenating and relaxing process.

MICRO CURRENT

- softens wrinkles & rejuvenates damaged skin

Kshs 1800 per 30 minute session - minimum 10 sessions required, 3 times a week | Micro-current treatments work by passing a very small direct current through muscle tissue, mimicking the body's own bio-electric currents. Sometimes this treatment is referred to as the 'non-surgical facelift'. It is designed to soften wrinkles, reduce eye puffiness and repair skin damaged by sunburn, acne, and scarring.

ACNE TREATMENT

- Combination of Micro & High frequency

Kshs 2000 - 30minutes

MASSAGES

DEEP TISSUE BAMBOO FUSION

- The ultimate Deep Tissue Massage [it goes deep]

Kshs 6500 • 75 mins | A seriously deep (and we mean deep) tissue and stress-relieving treatment. Skillful movements performed with the hands and differently sized wooden sticks help to stretch tight muscles and ease toxic overload.

ART OF AROMA

Kshs 5000 • 60 mins | **Kshs 7000 • 90 mins** | You know how you can heal your body? RELAX! Relaxation is best achieved through breathing properly. By using a range of aromatic plant extracts and essential oils, each with its own properties to calm, energise, cleanse or decongest, this treatment can release anxiety and stress and induce relaxation.

TRULY, MADLY, DEEPLY

Kshs 5500 • 60 mins | **Kshs 8000 • 90 mins** | **Kshs 10000 • 120 mins**
There are some horrible side effects of using computers all day – chronic neck pain is just one of them! Deep tissue therapy releases chronic muscle tension by focusing on the deepest layers of muscle tissue. The massage movement is slower and the pressure deeper than with a relaxation massage. The result? Reduced toxins, reduced stress, increased circulation and reduced pain. To make it a little more therapeutic, please request for Tiger Balm when you make the booking and the therapist will apply it where required.

LYMPHATIC MASSAGE - Flush out toxins

Kshs 5500 - 60 mins | Our therapists, who are trained in lymphatic drainage, will massage your body to release built up fluids and wastage. The lymphatic system is part of our vascular system and plays an important role in our immune system. This special massage is perfect if you feel ready for a “clean up” and in need of an immune boost. We recommend having a couple of lymphatic massages to really feel the benefits.

HOT! HOT! HOT!

Kshs 7500 • 90 mins | Smooth basalt stones are bathed in warm water and anointed with fragrant oils then placed on your body's key energy points. After warming your body with some traditional Swedish massage techniques, your massage therapist will use the stones as an extension of their hands to massage your muscles. Try and stay awake!

SERENITY SPORTS MASSAGE

Kshs 8000 • 90 mins | Ideal for the athlete in you... Discuss your achy areas with the therapist and let them alleviate tension caused by all that exercise. Reduce lactic acid build-up, increase your circulation, reduce recovery time in between training, increase your flexibility and prevent injury – so you can train even harder next time! Ideal after marathons.

SOLE THERAPY (REFLEXOLOGY)

Kshs 4000 • 60 mins | or the Reflex Express Kshs 2000 • 30 mins
Socrates once said "When our feet hurt, we hurt all over".
Reflexology is based on the principle that there are reflexes in our feet that correspond to every gland, organ and part of the body. The nerve endings in the feet are stimulated to balance energy, promote healing and increase circulation. Reflexology can release blockages, helping your body to eliminate toxins and waste. Perfect for a quick fix at any time of the day...

Contact us if you would like to sign up for more than 8 reflex treatments, as we will give you the 9th for free.
